

# Pink/Red Flowering Yellow Gum

This upright broad canopied evergreen Eucalypt is striking year-round with a silvery mottled cream trunk, grey/green leaves and sprays of pink/red flowers from Autumn to Spring. This tree grows moderately fast, and once established is tolerant of extended dry conditions.

This tall elegant tree provides generous shade and is well-suited to creating inviting streetscapes.

 <b>Botanic name</b>	Eucalyptus leucoxylon 'Rosea'
 <b>Typical height</b>	12-15 metres
